If you use Nero (version 5/6) to print your CD labels, download our grids (35 kB).

Download the file to your computer ('Nero_WHSmithPaperStockFile.exe'). Run the file 'Nero_WHSmithPaperStockFile.exe', that will create the file 'Nero_WHSmithPaperStockFile.dat' on your C: disk. Run Nero Cover Designer. Click on 'Paper Stocks...' in the 'File' menu. Click on 'Import' and select the file 'Nero_WHSmithPaperStockFile.dat' on your C: disk. Create your label/cover. Don't forget to select the right paper in the combobox located in the first toolbar.
